

WILLIE'S MONTANA HONEY MOONSHINE

Smooth and sweet with a little sting.

There's no better place than Montana in the Spring, when the air is perfumed with apple blossoms and the cottonwood floats on the breeze. We love this time of year, because the bees are busy gathering pollen to make their incomparable honey that we use in our Montana Honey Moonshine. This spirit is made from a traditional sweet feed recipe used by moonshiners, made up of three whole grains and molasses. We barrel age our spirit and add a touch of honey for a balanced and approachable flavor.

FAVORITE COCKTAILS

BEE STING

1.5oz Willie's Montana Honey Moonshine
6.5oz San Pellegrino Limonata sparkling water (or equal parts lemonade and club soda)
Mix over ice, garnish with a lemon wedge.
