

WILLIE'S MONTANA MOONSHINE

Fish when there's sunshine, sip when there's moonshine.

In Ennis, we hear folks commenting on how huge the full moon appears in the sky and how brightly lit the river looks at night. Since our distillery sits on the banks of the Madison River, it seemed only fitting to name a clear, bright spirit after the moon that lights it up. We Montanans work hard by nature and appreciate the little things in life like clean rivers, fresh air, and great liquor.

FAVORITE COCKTAILS
